## ISLAND COUNTRY IN REVOLUTION

President of the Republic of Hayti Flees From Capitl.

### CABINET HUNTS SHELTER

Eruption is the Order of the Day in the West India Archipelago. Situation Serious.

Washington, May, 13.—The Secretary of State has received a dispatch from the American minister in Hayti, dated Tuesday 10 a. m., as follows:

"The chambers have been closed by a mob. Much firing ensued, and one deputy mortally wounded. The populace attacked the police and the arsenal last night. Several were killed and wounded. The diplomatic corps embarks the president at 12 o'clock today. The minister for foreign affairs and the minister of war have taken refuge at the American legation. Firmin with his army, is marching on Port Au Prince. Great excitement prevails at Port Au Prince and business is suspended for the present."

#### Homesteads in Indian Lands.

The house passed a bill last week which effects thousands of homesteaders in Oklahoma and other states and territories, who have either commuted their homestead claims or have perfected them by living upon them for five years. The bill provides that "any person who, prior to the passage of the free homestead act, approved May 17, 1900" had final entry not been made prior to that time, may make another homestead entry of not exceeding 160 acres of the public lands in any state or territory subject to the homestead entry."

The purpose of the bill is to make it apply to persons who have made final entry, either by communication or by the full residence of five years upon lands that were formerly included in Indian reservations, and have paid the Indian price for the lands. The bill was originally passed by the House for the relief of the homesteaders on the Sioux Indian reservation in South Dakota. As amended by the Senate and agreed to by the House it is made applicable to all the homesteaders who have completed their entries on land that were formerly included in Indian reservations. The bill has been recommended by the interior department and will undoubtedly be signed by the president.

Farm for sale, 3 miles south of town best location in Caddo County. Well soft water, stands 34 feet, plenty of stock water. Every acre tillable. Good two room house, \$500 improvements finished. A bargain Inquire here. 202tf

#### Half a Million.

Washington, May 13.—An additional appropriation of \$400,000 was made by the senate today for the stricken people of the French West Indies, in accordance with the recommendation of the president that \$500,000 be appropriated.

The agricultural appropriation bill was passed, and when Mr. Stewart of Nevada, in supporting the Philippine bill, warned the minority that no political gain would accrue to them from their attack on the army. The American people he said always had supported the army and always would. He declared that for us now to take down the American flag in the Philippines would be a national disgrace. While discussing the proposed coinage of the silver dollar for the Philippines, Mr. Stewart declared that the silver question in this country was dead at least for the present on account of the large output of gold.

#### Wanted.

Wanted, five head of work horses Anadarko Ice Co. 20913

#### Stockton's Opinion of I. H. Kerr.

We take the following clipping from the Rooks County Journal, published at Stockton Kansas.

I. H. Kerr is making the race for the nomination for county attorney of that county subject to the Democrat convention. Mr. Kerr's many friends in Rooks county will hope that he may not only receive the nomination but that he will be elected, as he served the people of Rooks county in that capacity very acceptably three terms and that at a time in his life when he had much less experience and consequently less ability than he has now. As everyone who was here at that time knows Mr. Kerr's first campaign was against W. B. Ham who was county attorney then and though he was called "the kid" and many other such endearing terms he was elected by a handsome majority and made a very capable and careful official. We wish him success at the convention and at the polls and can assure any Caddo countyite that he will make no mistake in giving Brother Kerr his hearty support.

People are now commencing to fall over each other trying to get some of the bargains that are going at the Craig Mercantile store. 21112

## TWO THOUSAND ARE DEAD.

The Victims of Soufriere the Volcano on St. Vincent.

### DISCOVERIES MADE DAILY.

Were Not So Many as at St. Pierre, But the Damage Inflicted is Great.

Fort De France, Island of Martinique May 15—It is estimated that the total number of deaths on the Island of St. Vincent from the volcano eruption reached two thousand. Most of the victims are said to be Caribe Indians.

Fort De France, Island of Martinique May 15—La Soufriere, on St. Vincent, was in full eruption May 10. A stream of stone and mud half a mile wide was then issuing from the volcano. Stones two inches in diameter fell twelve miles away At Kingston, the capitol of the island, the ashes were two inches deep. Seven hundred dead were reported Sunday May 11. It is estimated that the total number of dead at St. Vincent reaches two thousand. Most of the seven estates on the island have been burned to ashes, and it is authentically reported that two earthquakes occurred there. It is believed that submarine cables at St. Vincent have been broken by the disturbances.

The present volcanic eruption in St. Vincent is the first since 1812. Governor Hunt of Porto Rico, has asked Louis H. Ayme, the United States consul at Guadaloupe, who is now here, what assistance he could render. The governor's offer has been communicated to the government, which will gladly accept it.

Pasture Pasture—160 acres of good pasture land close to town, plenty fresh water. Will be ready to receive stock Monday. Enquire at Democrat office. 180tf

The Windsor Hotel came near having a fire this morning, caused by a leak in the valve of the stove, but fortunately the cook happened to be on hand and extinguished the flames.
